

"TRAINING THE ELECTRICAL INDUSTRY"

Jumpstart your Career !

Are you looking to get a leg up on all the other job applicants?

Impress your future boss by completing all your education requirements **before** you start work: I-TAP offers the traditional 5 year education in just 6 short months. You will attend school **5 days a week for just 26 weeks**, then go out and start getting paid what you deserve as a true professional!

BE ONE STEP AHEAD!

When you complete your training first, your resume will **be more impressive** than other applicants without experience or education. You will possess the same theory & code knowledge as a journeyman electrician. Now all you will need is field experience! **You will also be able to earn up to 10% more right out of class!**

Prevailing wage for certified journey-person electricians in Sacramento County is currently **\$64.20/hr** (total package). Be ready to work as this economy recovers. As baby boomers retire, the need for journey-person electricians will continue to grow. Completing this program now will **provide more opportunities for YOU!**

The job market is strong and contractors are competing for qualified applicants, so get your training **NOW!** Completing your education will help you succeed and get your certification faster, so don't wait! **A new class starts soon!**

This Career is for YOU !

Are you a desk jockey or an outdoorsman at heart ?

NO
BETTER
TIME

Do you want to sit at a desk for the rest of your life? Do you want to do the same thing day in and day out? Do you want make a career out of pushing papers? If you answered no to these questions, you might want to consider a lucrative and rewarding career as an **electrician**!

IS THIS WORK OR PLAY?

Being an electrician allows you to work outside with your hands. You won't do the same tasks day in and day out. One day you might be installing switch boards, the next you might be hanging fixtures and the next you might be hooking up fire alarm systems. If this kind of variety is something you might enjoy then **being an electrician is for you!**

Being an electrician allows you to see your completed work for years to come. Electricians take pride in driving past the buildings they have worked on & getting to show off their hard work!

If we don't build it they can't use it! If this sounds good, being an electrician is for you!

NEW CLASS STARTS SOON!

Learn by Doing !

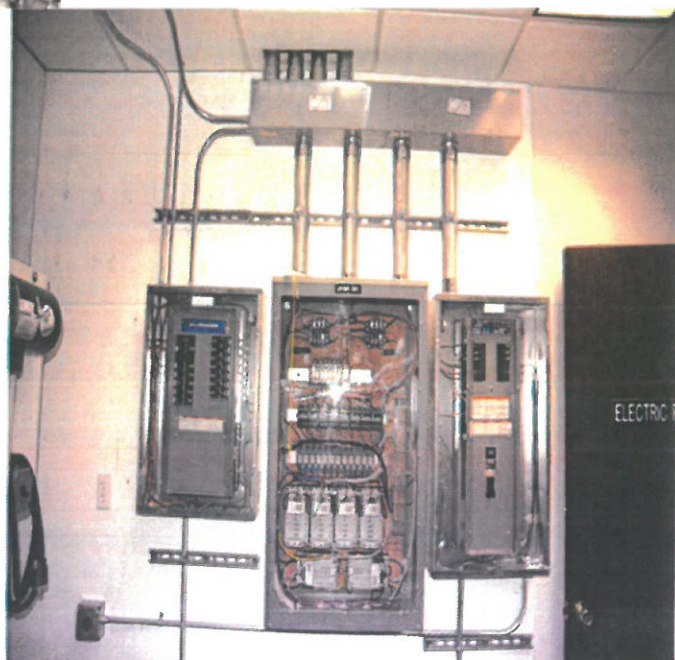

Practical Labs make you Employable!

We dedicate **35%** of your learning time to labs, because we know **this is how ALL OF US** learn the **BEST!**

Employers will be confident hiring you, because you will know how to **bend conduit, hang light fixtures and pull wire**. You will know how to work on lighting control schemes, figure out complex motor control problems and wire fire alarm systems.

Labs are so important for learning, especially in the electrical field. We know that by emphasizing labs, we will make you **BETTER THAN THE REST!** Other schools talk about labs. **I-TAP actually delivers!** We believe all of us learn best by a hands-on approach to learning. Books, whiteboards and textbooks are great, but when you actually make and create solutions with your hands—this makes for a much more *meaningful learning experience!*

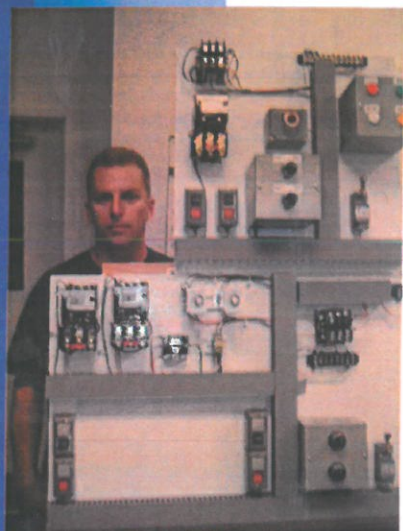

Training the electrical industry... One electrician at a time!

LABS LABS LABS !

In class lab experience lead to on-the-job opportunities!

I-TAP has twice as many labs as any other program. On average you will have over **12 hours of hands on lab each week**. I-TAP takes pride in being the only school in the region that insures there is sufficient working lab equipment for **every student**. **No more than 2 students will ever work together on any given project!**

Here are just some of our MANY labs!

- A/B, 1 pole, 3-way & 4-way switching
- Beginning and advance pipe bending
- Drawing and Design
- Fire Alarm / HVAC
- Foreperson Training
- Generators
- Instrumentation
- Lighting Control
- Low Voltage Cable: Telephone/Data
- Motor Control Stop/Start/Mag Starter
- Motor Control - Bob's Grain Elevator
- Motors ID - Hookup winding components
- Meters
- Title 24 (motion sensors)
- Plan Reading
- Power tools
- Fiberoptics
- Transformers

INDEPENDENT TRAINING & APPRENTICESHIP PROGRAM

FUNDING & GRANTS

Our goal is to make your training at I-TAP as meaningful as possible, and cost effective at the same time! Below is a sample of some of the grants that may be available for you when you enroll in and complete our program. Please note: Program and funding availability is at the discretion of the agencies identified below. The school cannot and does not guarantee an approval process that is independent of I-TAP. We do, however, assist students in understanding the required programs so that you are more likely to be approved for additional funding & grants.

California offers grants to qualifying students that have met basic guidelines for assistance i.e. low income, parenting, learning disabilities, and/or other qualifying determinations subject to WIOA's regulations. We also have several other low income support systems for you to use. Just ask us!

To start this process, you can go to: www.americasjobcenter.ca.gov/ to find the office nearest you. Note: each office has their own process.

CALIFORNIA TRAINING BENEFITS!

California offers underemployed or employed students that qualify the opportunity to be paid on unemployment while in approved schools..

We can not and do not guarantee jobs in the field, however, thanks to the tracking at CalJOBS, you can see that our completion & placement rate is and has been one of the highest since 2003 in the State of California!

VETERANS WANTED NOW FOR EDUCATION BENEFITS!

The GI Bill will help you attain your training at I-TAP without any cost to you while you also get a monthly cost of living stipend.

We are a school of choice. Just register at: www.ebenefits.va.gov

When you graduate, our field loves to hire Veterans!

Maximizing FAFSA and Pell Grant

FAFSA: The Free Application for Federal Student Aid is the form you fill out to qualify to receive Federal Pell Grant money. **Start at www.studentaid.ed.gov**

The information on your FAFSA application is also used by most institutions of higher education to determine your eligibility for direct student loans as well as other types of financial assistance available.

What is a Pell Grant Worth? If you attend a Title IV school (like us), the maximum Pell Grant award is up to \$6,095 for the 2018–19 school year (July 1, 2018, to June 30, 2019). Grants lower your tuition, so, **APPLY NOW!!!**
